- Content Management Systems: WordPress, Drupal, Shopify
- Front-end: CMS, HTML, CSS, JavaScript, Bootstrap, React.js, Vite
- Back-end: Node.js, PHP (Laravel), MySQL
- Video Editing: Premiere Pro, Audition, Lightroom, After Effects
- 3d Modeling and Rendering: 3ds Max, Revit, SketchUp, Corona, V-Ray

WORK EXPERIENCE

R.I.S.E Academy Project – Phase III   Jan 2023 – April 2023
Interactive Media Design Students of Algonquin College
(The purpose of this project was to build an app that served as a cross between learning management and a project management app tailored to meet the specific needs of the academy we were working with.)

- Collaborated with a five-member team to create a functional prototype for the R.I.S.E web application, using research data from the initial project phases and our team's findings from user testing.
- Enhanced the high-fidelity prototype through design iterations to facilitate further implementation by the development team.

Web Publisher - Health Canada, Ottawa, ON   Sep 2022 – Dec 2022

Cooperative Education Work Placement

- Created and updated web pages on Canada.ca using Content Management Systems like Drupal and Adobe Experience Manager (AEM).
- Developed ages and updated web content using MySource and Dreamweaver, ensuring compliance with digital presence standards and Web Content Accessibility Guidelines (WCAG).
- Collaborated with Digital Communication Advisors to address client inquiries and ensure timely web content publication.
